Reference is made to your letter of August 28, 1969,  
transmitting a summary of an interview with Shapiro held on  
August 14, 1969, and advising that the Atomic Energy Commission  
(AEC) does not contemplate further action in this matter at  
this time.

REC-65

We have conducted a thorough and extended investigation  
of Shapiro for more than a year, including substantial physical  
surveillance coverage. We have developed information clearly  
pointing to Shapiro's pronounced pro-Israeli sympathies and  
close contacts with Israeli officials, [redacted]

[redacted] It is believed most unlikely that  
further investigation will develop any stronger facts in  
connection with the subject's association with Israeli officials.  
The basis of the security risk posed by the subject lies in  
his continuing access to sensitive information and material  
and it is believed the only effective way to counter this risk  
would be to preclude Shapiro from such access, specifically by  
terminating his classified contracts and lifting his security  
clearances. [redacted]

Reliable information indicates that you have knowingly established an association with individuals reliability reported as suspected of espionage, within the meaning of Paragraph (b) (2), Section 10.11, 10 CFR-Part 10, Criteria and Procedures for Determining Eligibility for Access to Restricted Data or Defense Information. The information which provided the basis for such belief is that: (S)

It was reported that among other topics discussed at the meeting, it was brought out that Israel needed information regarding image intensifier tubes; information concerning the over-all field of reliability and failure rates of certain manufactured products including any studies completed in this field; information concerning the training of personnel in the operation of pressurized water reactors, including the placement of such personnel in a training program in the Westinghouse Electric Corporation at Pittsburgh, Pennsylvania. that each person at the meeting was given a specific assignment to obtain information needed by Israel and was to furnish the information to Dr. Hermoni either orally or in writing. It was also reported that you expressed the hope that the persons at the meeting who were given assignments by Dr. Hermoni would be productive as Dr. Hermoni was probing in many fields and Israel needed the information on an urgent basis. On August 14, 1969, you advised AEC representatives that the meeting referred to above was held in your home, that Dr. Hermoni was in attendance, but could not recall the names of all the individuals who attended. You further advised that the general tone of the meeting concerned ways and means the group could be of assistance to Israel in solving some of its technical problems. It was reported in 1961 that Dr. Abraham Hermoni was a member of the Israeli Intelligence Service; that in 1963 Dr. Hermoni was known to be engaged in the establishment of a technical intelligence network in the United States; and that prior to his assignment as Scientific Counselor of the Israeli Embassy, Washington, D. C., he was intimately connected with Israeli efforts to develop nuclear weapons in his capacity as Technical Director, Armament Development Authority, Ministry of Defense. (S)
